

CLEANING SERVICES – HAMILTON LOCATION

ADDENDUM #2

*Issued: May 31st, 2022
Procurement #2022-021*

ADDENDUM #2

1. Where is the carpet located in the office? And where is the hard floor?
 - a. Carpet is only located on the administrative side of the office, and three offices on the driver's side break room. That and the rugs in the lobby are the only floors needing vacuuming – everything else is tile or concrete.
2. On page 9 under the Scope of Work, it says to clean all windows and mirrors as applicable, does that mean interior windows within the office or the exterior windows of the actual building?
 - a. It means the interior windows within the building, not any exterior windows.
